

Explain what a bar model is to your grown-up then have a go at finding the missing number, Count on in tens then ones to help. If you need a 100 square, ask your grown-up to Google it. Use this to count but try to do some without looking.

1.	100	
	33	

2.	100	
		26

3.	100	
	41	

4.	100	
		52

5.	100	
		7

6.	100	
	28	

7.	100	
		47

8.	100	
	11	

9.	100	
		25

10.	100	
	69
