

## Geography

This year, we have used atlases to discover more about our world. We have found the continents, oceans and thought about where we live in the UK. We have also begun to look at and design map symbols. Use these activities to jog your memories and re-learn anything that you might have forgotten about.

EYFS: Complete the 'Where am I?' activity

Year 1: Choose at least 2 activities for this week (Your choice!)

Year 2: Choose at least 3 activities for this week (Your choice!)

### Map Symbols

See file named: **Year 1 and Year 2 Map Symbol Matching Game**

Why don't you use maps and the internet to find out the ones you do not know!

### Oceans of the World

See file named: **Year 1 and Year 2 Labeling 5 Oceans of the World**

Why not try to see how many you remember before using the world map to find the answers...

### Continents of the World

See file named: **Year 1 and Year 2 Labeling the Continents**

Why not try to see how many you remember before using the world map to find the answers...

### Where am I?

Use this activity booklet to find out more about where you live in the UK.

See file named: **Kilminorth Where am I on the Map. Activity Book**
