

Maths for Year 2.
Week Beginning 4.5.20

For Maths sessions, please go to www.whiterose.co.uk.

NB: We are on Summer Term Week 1. (Which is dated 20th April)

Flashback 4 questions can be recorded in your learning books. You can tick the answers when they are revealed.

No peeking now! 😊

| Day 1 | Day 2 | Day 3 | Day 4 | Day 5 |
|--|--|---|-------|---|
| <p style="text-align: center;"><u>WALT: find three quarters</u></p> <p>Listen to and watch the clip then complete the online learning activities.</p> | <p style="text-align: center;"><u>WALT: count in fractions</u></p> <p>Listen to and watch the clip then complete the online learning activities.</p> <p>Please note that your Power Maths books have 4 sections before the end of the unit check. You do not need to do all of these today.</p> | <p style="text-align: center;"><u>Fractions Revision</u></p> <p>Following our communication, here are the days set aside for you to finish off the fractions learning.</p> <p><u>Power Maths Books:</u> Unit 10 is the fractions section. From Page 113 till 152. Please complete any gaps. If you need to use Friday's session to finish, this is fine.</p> <p>If you choose to complete the end of unit 'test', why not try this next week so that you can really check what you have learned and what you still need help to remember.</p> | | <p style="text-align: center;"><u>Friday Maths Challenge (If you are not using the session for more fractions revision)</u></p> <p>To access the challenges, look to where 'Get the Activity' normally is on the site. Today it is called 'Get the Challenges'. Have a go at challenges 1-3. It could be that your child is able to also have a go at the next</p> |

| | | | |
|--|----|----------|--|
| | | | challenge. Keep going and why not have a go at doing some together? (Don't worry, the answers are also there!) |
| Power Maths Page: Book B. Unit 10 Fractions. Page 140 (Finding 3/4) | NA | As Above | Power Maths Page: Book B. Unit 10 Fractions. Page 137 (1/2 and 2/4) |
| NB Do not go on to the next section in your book until you have had the next day's teaching! | | | |
| You do not need to print the resources as you can write the answers in your exercise book BUT, if you can print, it will help with being able to draw and find the fractions shown. NB I can arrange for copies to be printed but you need to A: Tell me you need them and B: Be able to get to our hub school at Looe Primary to be able to collect them. | | | |
